## 1 . P H O T O G R A P H Y   B Y K E E D A

We at Photography by Keeda love weddings and love to capture the very best moments of your wedding day.

We are professional photographers who shoot approximately 30 weddings a year. As wedding photographers we have met so many couples and have over 50 years combined experience in the industry. We have captured weddings at the traditional church, registry office, hotels, outdoors, beaches and even football stadiums.

Our style is natural, non-intrusive and fun along with all the traditional shots.

## 2. THE ENGAGEMENT SHOOT

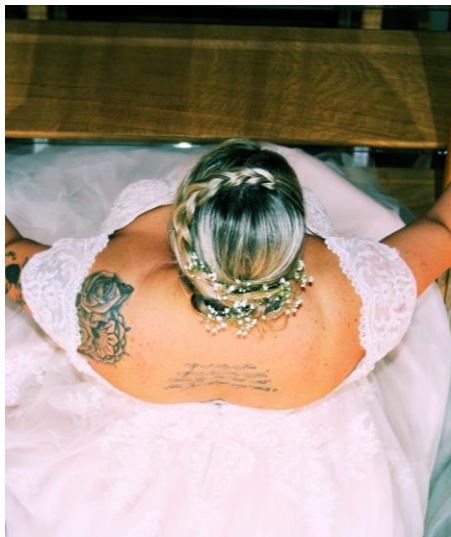

An engagement shoot is a great opportunity for you to have a fun and relaxed experience of being photographed. As well as being able to discuss what your ideas are for your wedding day.

On the engagement shoot we will be with you for around 1 - 2 hours and will take as many photographs as you wish.

We will then typically produce 20-30 high resolution edited images. The edited photographs will be provided via a private online album, as well as on your final wedding day personalised USB in a presentation box.

We can recommend some great idyllic locations to get the best shots or alternatively you can come to our private studio based in Warrington.

### 3. THE BIG DAY

Our full day wedding photography package is with two experienced photographers.

It includes photographs whilst the bride/s and groom/s are getting ready with the bridesmaids, best man, Mum and Dad.

We will be there throughout the day to photograph your arrival, walking down the aisle, vows, speeches, cutting of the cake and your first dance as a married couple.

We provide non intrusive, fun & stylish photographs of the day, along with all the traditional shots too and any specific photographs you wish.

We also offer sparklers and smoke bomb photography, if your wedding venue allows this.

- You will receive a sneak peak private photograph gallery within approximately 2 weeks.
- A USB of all the edited high resolution photographs of your day in a lovely personalised presentation box.
- A photobook album with your favourite selection of photographs.

## 4 . THE FILM

Our full day videography package with two video cameras filming your wedding day will capture your amazing day from beginning to end.

The film will then be edited to show the very best moments of your special wedding day accompanied with a soundtrack of your choice.

We will provide your film on a personalised USB stick. The film will normally be edited to around 45 minutes and we will also provide a lovely sneak peak 3 – 5 minute highlights video within a couple of weeks.

## 5 . AFTER THE BIG DAY

When the day is over, you can relax, knowing that we are still working hard for you, editing the photographs and putting the film and highlights film together.

To ensure you can share your day with as many people as you like, we will put all of the photographs on a private online gallery.

You will also receive a personalised USB in a personalised presentation box of your choice, either wood or elegant white.

We also create a free photobook album with your favourite photographs and request your approval before sending to final print.

## 6 . F A Q ' S
